Health Policy

It is the goal of FUMC SUMMER CAMP to keep each child as healthy as possible. If a child is sick, the parents/guardians will be notified to come and pick up their child and to keep their child out of CAMP for 24 hrs. during any illness.

A child is considered sick if any of the following conditions occur:

- Fever of 100 degree or higher
- Vomiting or diarrhea more than two times.
- Cold / Flu symptoms
- Contagious disease (pink eye, scabies, scarlet fever, etc.)

Please note that if medication is prescribed, you must fill out a #5 Medication form. **Any over the counter medication will not be given unless container is brought in seal and unopened.**

I have read and understand the Health Policy. I will not knowingly bring my child to school if he/she is contagious.

Parent/Guardian Signature: _____ Date: _____

Field trips will be scheduled weekly for our summer campers. In order for a child to participate, the camp permission slip must be signed by a parent/guardian before a child will be permitted to leave the school. If you choose not to give permission for your child on a field trip, you will need to provide alternative childcare for that day. The Camp Councilors need to accompany the camp students on the field trips; therefore, there will not be a teacher available to stay on site with your child if you choose not to send him/her.

I have read and understand the field trip policy.
