about our aftercare program

2:00pm - 5:30pm

At First Kids Aftercare we pride ourselves in bridging the gap between the school bell and working families. Our aftercare program not only offers the vital child care parents need today, but also provides transportation from various Broward County public & private schools, as well as supervised homework sessions infused with creative play for kindergarten through seventh grade.

Our aftercare program is informative and interactive and encourages creative out-of-the-box thinking! We believe in inspirational homework environments that help promote increased concentration and mood enhancement, allowing students to focus on and complete their assignments more effectively.
